The Kent Prep Difference

For over 35 years, Kent Prep has helped NYC students prepare for some of the city's most competitive exams in a supportive and structured environment. Rather than simply doing more work, we focus on helping students **understand what they're learning and how to apply it with confidence.**

Students learn from experienced, subject-focused teachers and follow a clear, step-by-step program that builds skills over time. With regular check-ins and guidance, they gain confidence, improve steadily, and feel well-prepared on test day.

Mock Exam Event

Saturday, September 12, 2026

10:00 AM – 1:00 PM

Mock Exam Fee: \$115 (*Waived for enrolled students*)

A realistic, timed exam experience designed to **establish a baseline, identify strengths and gaps, and familiarize students with the Hunter format.**

Hunter Saturday + Friday Prep Course
